I thought you would share with Clint, to follow up on his email where he mentioned the Charge.

I sent it over to Erika this morning; if you'd like I can ask her to send to him.

Subject: Charge questions -- PM ISA

Importance: High

Hi Jennifer,

Please see attached the revised charge questions for the CASAC review of PM ISA. John is also sharing with OAQPS. This version is now squarely founded in the Back to Basics memo and fully contextualized in the charge questions described in there. It is also augmented with a few science-focused questions. Along with the PM ISA, John plans to transmit this to Aaron Yeow in SAB's office, as soon as you have had a chance to look at the charge questions. So, let us know when you are good.

Thanks,

Tina
